

# Your Home

## Residential

ERTH Power is committed to providing you with reliable, exceptional and cost-effective electrical service. We take pride in being ***Your Hometown Utility***. Our team works diligently to ensure the dependability of our distribution systems and to provide reliable service to your home.

We will help you manage all of your energy needs. On our site you'll find more than just information about your account and your electricity services. We provide suggestions on ways to help you save energy, to stay safe when working or playing around electricity – even ideas on using Green energy so you have the power you need while helping to preserve our environment and our precious energy supply.

ERTH Power is your trusted resource for energy and power-related matters. We are here for you. For power, for innovation, for ideas and assistance, we are your experts for accurate, expert information and committed service with a personal touch. Explore ERTH Power and get to know ***Your Hometown Utility***.
